### Complete IMI's 5th Annual Medicaid MCO Survey

Submit completed surveys by **March 14, 2022**.

### CDPS + Rx Project Update: ICD-10 Codes Crosswalk Available

As you are aware, we are currently working on an update to the CDPS + Rx model to be released this summer. In the meantime, IMI, in partnership with our colleagues at UCSD, has developed an updated ICD-10 code crosswalk that includes 191 ICD-10 codes that will be included in the updated CDPS + Rx model, but that were introduced after releasing CDPS + Rx version 6.5. This crosswalk is available to all CDPS + Rx users with a current license. Please contact us to obtain the crosswalk at [Info@MedicaidInnovation.org](mailto:Info@MedicaidInnovation.org).

### IMI Welcomes Inaugural Communications Director

In February, we welcomed Mark Clemente (*he/him*) to the IMI team. Mark brings extensive communications experience from his time working with PNC Bank and Gateway Health (now Highmark Wholecare). He also previously chaired IMI's Communication Committee.
