

# Promoting Child and Adolescent Health During COVID-19

## Webinar

Date: December 14th, 2020 - 1:00p.m. ET

This panel features experts who will provide the audience with an overview of what is known about children enrolled in Medicaid accessing well child care and adhering to vaccination schedules during COVID-19. Panelists will discuss American Academy of Pediatrics (AAP) recommendations to address these issues and share innovative initiatives and best practices that are being used to promote well child care access and vaccination adherence from practitioner and Medicaid health plan perspectives.

### Learning Objectives

1. Understand the American Academy of Pediatrics recommendations for promoting well child care access and vaccination adherence.
2. Describe strategies for Medicaid managed care organizations to promote well child care access and vaccination adherence for their enrollees.
3. Describe strategies for clinicians who serve children enrolled in Medicaid to promote well child care access and vaccination adherence for their patients.

### Panel

*Facilitator:*

**Sandra Hassink, MD, MA, FAAP**, Chair, IMI Child and Adolescent Health Subcommittee Member, IMI National Advisory Board Member (AAP Representative)
